# International Wire Payments Quick Reference Guide

## **GETTING STARTED**

An International wire payment creates an electronic funds transfer from payer to payee who are in two different countries. Payment types supported include: Pre-advice for those clients configured to use this option; and Global Interbranch Transfer to move money through the global MUFG branch network.

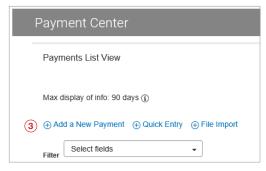

Access MUFG Exchange using the following link: https://sso.mufgamericas.com

At the Sign On page enter User ID and passcode.

- 1 Click the Payments and Reporting tab.
- 2 Select Payment Center from the drop-down menu.

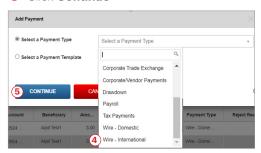

3 Click the Add a New Payment link.

4 Use the **Select a Payment Type** drop-down to select **Wire-International**, or use the **Select a Payment Template** drop-down to select an existing template.

Note: If selecting a template, some fields may already be completed and may not be edited

6 Click Continue

(continued)

## **Originator Information**

6 Fill in the appropriate fields.

Note: All required fields are marked with an asterisk. (\*)

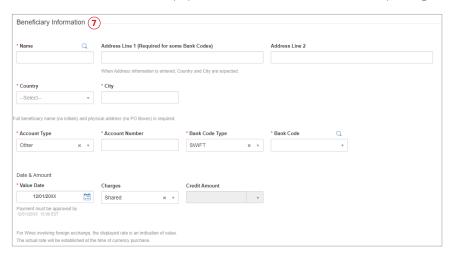

# **Beneficiary Information**

7 Fill in the appropriate fields.

Note: All required fields are marked with an asterisk. (\*)

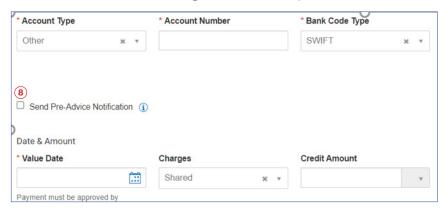

The cutoff time by which the payment must be approved will display below the Value Date field once a date is selected. If the payment is modified, the cutoff time may change.

### **Pre-advice International Wires**

8 Check the Pre-advice box.

The Pre-advice check box will display on screen for those with the Pre-advice option. This box must be checked to assign the Pre-advice option to an International Wire.

#### **Additional Information**

9 Fill in the appropriate fields.

- The **Save this payment as a template for future use** checkbox will save this payment as a template.
- Olick **Submit** to submit the payment or **Save for Later** to edit the payment later.

**Note:** A message will display indicating the payment submitted or saved successfully or if the payment has any errors.

A payment must be approved before it is sent to the beneficiary.
